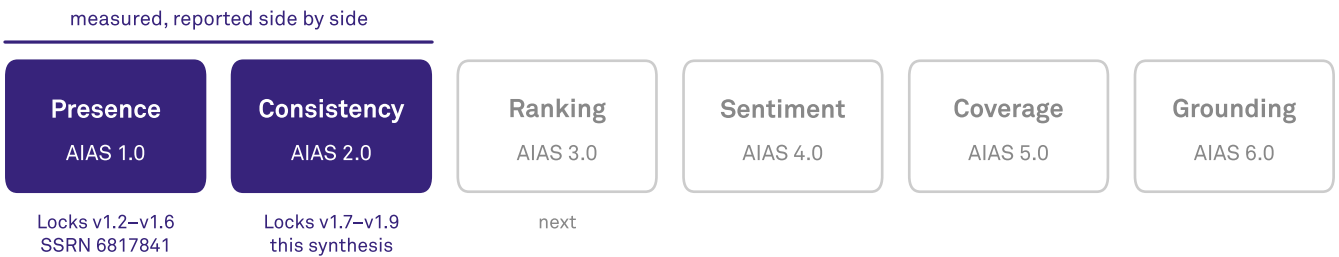
Two of the six AIAS components are now measured

Presence (AIAS 1.0) and Consistency (AIAS 2.0); the other four are planned, in roadmap order.

AIAS 2.0 reports the two measured components as two scores; it does not combine them.



Measured: Presence (AIAS 1.0) and Consistency (AIAS 2.0); no composite (v1.9 Stage 1: no candidate passed K1–K3).
