

H6 — Diagnostic-case detection across categories, t₂ (Worldwide)

Linear-style brands have high AI Presence but low Trends signal; Todoist-style brands have the inverse pattern. H6 cross-category requires both styles in 2-of-2 applicable categories.

Project management software

H6a: CONFIRMED (Linear=['Linear']; Todoist=['Basecamp', 'Todoist'])

Premium running shoes

H6a: FALSIFIED (Linear=['Hoka']; Todoist=∅)
